- show good documentation skills when delivering on an assignment
- have strong communication skills and can engage with internal stakeholders at all levels
- have excellent written and verbal communication skills in both Chinese and English

Working at Ørsted

To be the frontrunner in the green energy transformation, we invest significantly in innovation and empower our employees to help shape the renewable energy technologies of the future. We cultivate a collaborative, dynamic and diverse work environment and encourage career-long learning and development so our people can realise their full potential.

About Ørsted

Headquartered in Denmark, Ørsted's 5,600 employees develop, construct and operate offshore wind farms, bioenergy plants and innovative waste-to-energy solutions and provide smart energy products to its customers. Ørsted Wind Power's 2,300 dedicated employees have developed and constructed the largest portfolio of offshore wind farms in Northern Europe, and we're expanding with international activities in the US and Asia-Pacific. For more information on Ørsted, visit Orsted.com.

Would you like to be part of the renewable of the future?

Send your application to us as soon as possible, as we'll be conducting interviews on a continuous basis.

Please don't hesitate to contact Jane Liu, HR Manager of Taiwan office, by email on twrecruitment@orsted.com if you'd like to know more about the position.
